17	Tony Croft	39.45	0.00	39.45	19.33	Jun 87

DR= Debut run

Perhaps it was something to do with another sport taking place in the south, somewhere in England, on the same night but numbers were down for the Monthly Handicap! It was also quite warm conditions for racing and one or two athletes did complain about that fact. Congratulations to Nathan Baker, Jonathan Sanderson and Chris Wylie who all set new PBs. Perhaps for Chris it was helped by racing at two track meetings (3k & 5k) at the weekend whilst Jonathan also tested his legs in a 1500m. Even though Nathan had to walk he was still faster than on his debut!

To all who ran and keep on supporting the Handicap many thanks, as it is an important part of our running history and will hopefully continue to be in years to come.

Once again, many thanks to Liz, Tony and Malcolm for their assistance on the night and to Amanda for organising so efficiently.
