A strong wind didn't help the runners but the brave dozen who turned out performed well given the conditions. Two making their debuts were Michelle Tomlinson and Joseph Tyldesley who now have targets to aim for next time out. Chris Wylie continues to chip away at his PB taking a few more seconds off again this month and good to see Greg Seddon regaining his form. For some of us it is just the pleasure of running and supporting the Handicap over the years and trying to perform the best as possible. Thanks once to again to our loyal band of Officials without whom this would not be possible.

Next Handicap is Sunday 5th December at 10.00
