A pleasing turnout for the traditional Mincepie Handicap on what is usually a much lower number, apart from 2020. With a mass start there were no issue for Timekeeper Liz and her band of officials ensuring all was correct and in order. Conditions were much better than yesterday and the January Handicap Predictor will be on Sunday 2nd January when no timing devices are allowed. Thanks to everyone who has supported the Handicap in 2021 and also to those who have given their time to officiate in whatever capacity. All the updated Handicap Stats (1985 - 2021) will be available in due course.
