Very mixed weather conditions today with a strong North Westerly wind, a brief shower and the occasional glimpse of the sun. With 11 runners and 4 officials it was a good turnout with a PB by Greg Seddon as he battled with Chris Wylie and it could have been more if he hadn't stopped to retrieve a lost tooth! A first run by Andrew Say and hopefully he can look to improve next time out. A very impressive run by Caroline Betmead to record the day's fastest time and good to see some of the regulars keeping the tradition going. Many thanks to Liz, Tony, Malc & Amanda for giving up their time to assist us all.
